

HOLYHEAD LOCAL NOTICE TO MARINERS NO. 10/2009.

HOLYHEAD - SMALL CRAFT CHANNEL – DISCONTINUATION

(Formerly LNTM 11/2008)

Following consultation with port users in 2008, the Port Authority discontinued the Small Craft Channel, formerly adjacent to the north east arm of the breakwater.

Small craft should use the fairway when navigating in the New Harbour, keeping well clear of the breakwater where fishing pots and lines may be encountered. Passage should not be made between the Spit buoy and the breakwater where shoaling occurs.

Small craft are reminded to keep well clear of commercial shipping when using the fairways.

Captain Brian McCleery
Harbour Master.
Holyhead.
